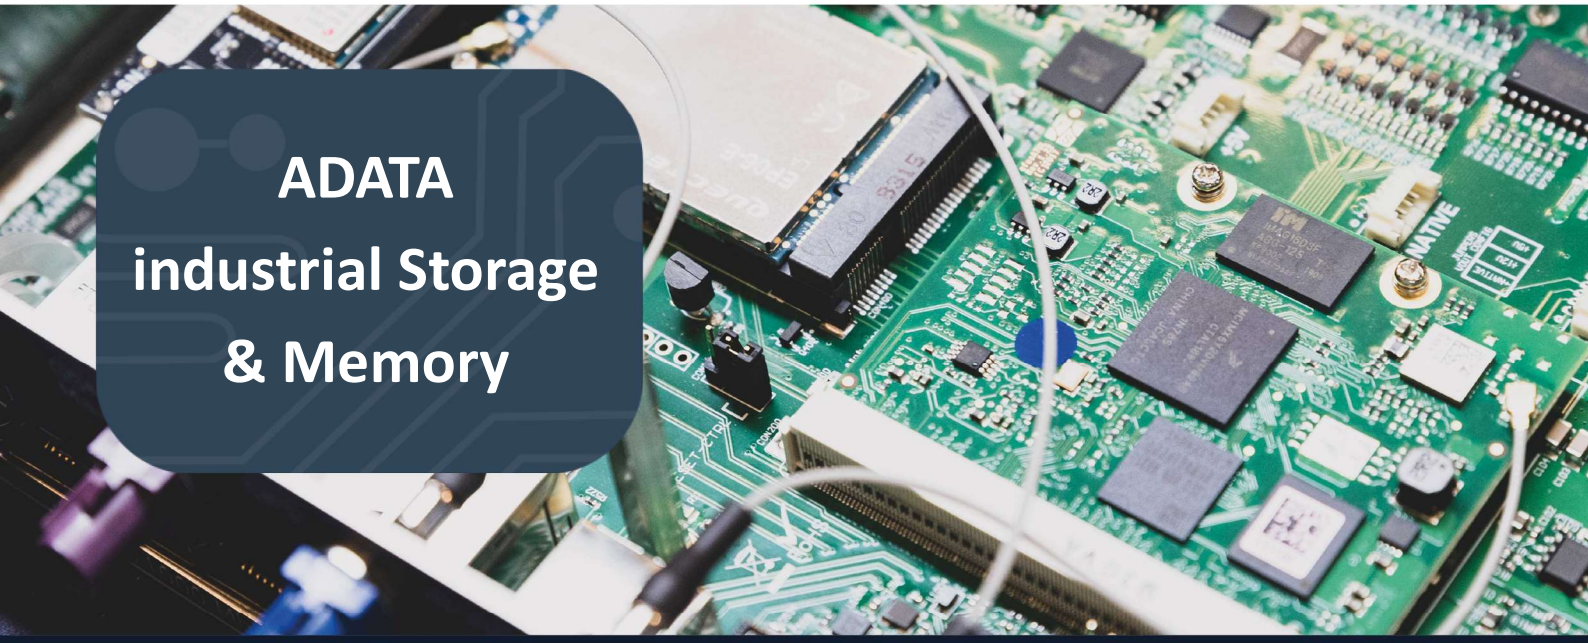
PRESS RELEASE - For immediate release

January 24th 2021



ADATA Industrial Storage & Memory

ADATA tilbyder DRAM og SSD-moduler, som sikrer stabil forsyning til meget konkurrencedygtige priser. Deres strategiske leverandører & partnere er: **DRAM**: Samsung - **SSD**: Western Digital & KIOXIA – **Controller**: SiliconMotion & Maxiotek

ADATA leverer den nyeste teknologi til en række industrielle applikationer såsom industrielle computere, embedded systemer, medicinsk udstyr, transport, overvågning, forsvarssystemer og energisektoren.

Produkternes Key features er:

- Lang levetid på markedet
- PCN / EOL-styring
- Arbejdes temperaturer fra -40 ° C til 85 ° C.

ADATA Industrial Storage & Memory

ADATA offers DRAM, which secures stabile supply at very competitive prices. Their strategic suppliers & partners are: **DRAM:** Samsung - **SSD :** Western Digital & KIOXIA – **Controller:** SiliconMotion & Maxiotek

ADATA provides innovative technologies for a range of industrial applications such as industrial computers, embedded systems, medical, transportation, surveillance, defense systems and the energy sector.

The products Key features are:

- Longevity Commitment
- PCN / EOL Management
- Operates in temperatures from -40°C to 85°C.
