## Features

All accessories for the FT Touch Screen Computers are made to be modular, flexible and easy to clean. All stainless-steel accessories are manufactured in high quality AISI 316 which means they can be used in very harsh environments like the food industry.

The round and closed floor stand with special made ring bracket offers flexibility and endless mounting possibilities. The FT Computers and accessories can be adjusted in height and turned in the desired position making it ergonomic for each employee to handle.

## FTS1 Floor stand 1.9 meters

FTS1 Floor stand is available in standard height of 1.9 meters.  
(can be delivered in other lengths on request)

The Floor stand is fully welded at the top and bottom for easy cleaning.

The top is tilted 25 degrees to ensure that water does not stay on the stand after cleaning.

The Floor stand is the main part for this FTS setup.

The Floor stand is made in high quality AISI 316 stainless steel, for easy cleaning.

Part no.  
14819

## FTS2 Keyboard arm

The FTS2 Keyboard arm is used with the FTS3 mounting bracket.

When using the FTS12 M6 screw set, you can adjust and tilt the Keyboard arm vertically.

The Keyboard arm is made in high quality AISI 316 stainless steel, for easy cleaning.

## FTS3 Mounting bracket

The Mounting bracket is a key part for the full setup. You will need the FTS12 M6 screw set to assemble.

The following can be assembled with the Mounting bracket:

- FTS2 Keyboard arm
- FTS5 Shelf for printer box
- FTS7 Shelf for scanner box
- FTS12 Basic bracket

The Mounting bracket is made in high quality AISI 316 stainless steel.

Part no.  
14821

## FTS4 Printer box

The FTS4 Printer box is designed for the label printer PX6i.

The Printer box is IP65 water and dust protected.

When using the FTS13 Split gland, the shelf can be locked in five positions.

To attach the Printer box to the FTS5 shelf, you will need the FTS23 M8 screw set.

The Printer box is made in high quality AISI 316 stainless steel.

## FTS5 Shelf for printer box

FTS5 Printer shelf is used together with the FTS4 Printer box.

When attaching the Printer shelf to the FTS3 Mounting bracket, you will need the FTS12 M6 screw set.

The Shelf for printer box is made in high quality AISI 316 stainless steel.

Part no.  
14823

## FTS6 Scanner box

The FTS6 Scanner box is designed for the scanner Honeywell Granit 1981i or scanner boxes equivalent of the dimensions:  
H:330m/W:175mm/L:250mm.

Innerplate for wire running.

The Scanner box is IP65 water and dust protected when using the FTS14 split gland.

The Scanner box is made in high quality AISI 316 stainless steel

## FTS7 Shelf for scanner box

FTS7 Shelf for scanner is used together with the FTS6 Scanner box.

When attaching the Scanner box onto the shelf you will need the FTS12 M6 Screw set.

The Shelf for scanner box is made in high quality AISI 316 stainless steel.

Part no.  
14825

## FTS8 Ringbracket for Floor stand

Part no.  
14826

FTS8 Ringbracket is a key part in the assembling of the floor stand setup.

It is used to attach the:

- FTS9 + 10 Cable tray
- FTS11 + 17 power and it plate
- FTS15 Basic bracket to hold your FT Touch Screen Computer
- FTS3 Mounting bracket

You will need the FTS12 M6 screw set to attach the different product parts.

The Ringbracket is made in high quality AISI 316 stainless steel.

## FTS9 Bracket for cable tray

FTS9 Bracket for cable tray is used together with the FTS10 Cable tray. You will need the FTS12 M6 screw set to attach to the FTS8 Ringbracket.

When assembling we recommend that you mount the brackets in opposite directions, to ensure the best solution.

The Bracket is made in high quality AISI 316 stainless steel.

Part no.  
14827

## FTS10 Cable tray 3 meters

Part no.  
14828

FTS10 Cable tray is used together with the FTS9 Bracket for cable tray.

The length of the cable tray is 3 meters.

The Cable tray is made in high quality AISI 316 stainless steel.

## FTS11 Plate for power outlets

FTS11 Plate for power outlets is used together with the FTS8 ringbracket and the FTS19 Socket CEE 3-pol 16A 230V IP67.

When assembling you will need the FTS12 M6 screw set.

The Plate for power outlets is made in high quality AISI 316 stainless steel.

Part no.  
14829

## FTS12 M6 screws

Part no.  
14830

FTS12 M6 Screw set is used to assemble all the floor stand setup parts.

M6 crew set is made in high quality AISI 316 stainless steel.

## FTS13 Split cable gland 4 grommets

FTS13 split gland is used together with the FTS4 Printer box.

The split gland is made to reach the IP66 standard for Ingress protection.

Five types of grommets(H: 19mm,W: 21mm,L: 21mm):

- Blank grommet
- Clamping range 5 - 6 mm
- Clamping range 6 - 7 mm
- Clamping range 8 - 9 mm
- Clamping range 10 - 11 mm

Has two screws that requires an 3mm Allen Key(not incl).

Part no.  
14883

## FTS14 Split cable gland 2 grommets

FTS14 split gland is used together with the FTS6 Scanner box.

The split gland is made to reach the IP66 standard for Ingress protection.

Five types of grommets(H: 19mm,W: 21mm,L: 21mm):

- Blank grommet
- Clamping range 5 - 6 mm
- Clamping range 6 - 7 mm
- Clamping range 8 - 9 mm
- Clamping range 10 - 11 mm

Has two screws that requires an 3mm Allen Key(not incl).

## FTS15 Basic bracket

FTS15 Basic bracket is used together with the FT Touch screen computers.

When using the FTS12 M6 Screw set, you can adjust and tilt the FT Touch Screen Computer vertically as you wish.

When attaching the FT Computers you need the FTS23 M8 screw set.

The Basic bracket is made in high quality AISI 316 stainless steel.

Part no.  
14876

**FTS16**  
**Main power cable**  
**230V, Eu**

FTS16 Main power cable with a standard length of 1.9 meters.  
(can be delivered in other lengths on request)

FTS16 can be used together with all the Techon7 FT Touch  
Screen Computers.

## FTS17 IT box plate

FTS17 IT box plate is used together with the FTS11 Plate for power outlets.

When assembling you will need the FTS12 M6 Screw set.

The IT box plate is made in high quality AISI 316 stainless steel..

Part no.  
14855

## FTS18 Waterproof stylus pen

FTS18 Waterproof stylus pen IP68 is an add-on to the FT Touch Screen Computers.

The stylus supports Capacitive and Resistive touch screens.

Can be mounted three ways:

- Glueing pad
- Screwing 2 pcs. M3 screws(Not included)
- Drilling 22.5mm drill hole and screwing a M6 screw in(Incl.)

The top of the stylus can be unscrewed and has a compartment with an spare rubber cap.

## FTS19 CEE poweroutlet 3-pol

FTS19 Split gland is used together with the FTS11 Plate for power outlets.

FTS19 Socket CEE 3-pol 16A 230V IP67.

When you attach it onto the plate for power outlets, you will need the FTS12 M6 screw set.

Part no.  
15153

## FTS20 Stand for computer

FTS20 is black and has 2 holes to attach the FT Touch Computers using the FTS23 screw set.

The Stand is made in high quality AISI 316 stainless steel.

## FTS21 Clinical keyboard IP68

White clinical keyboard with a numpad, the keyboard is connected by USB cable length 180cm.

Can be locked, hold the lock key down for 3 seconds.

IP68, CE certified.

Dimensions: 380x150x14 mm.

The FTS21 is used together with the FTS2 Keyboard arm and FTS22 Clinical Mouse..

Part no.  
15223

**FTS22  
Clinical mouse  
IP68**

White Clinical mouse with 2 buttons and a scrollsensor.  
The clinical mouse is connected by USB cable.

Dimensions: 112 x 60 x 38 mm

IP68, CE certified.

The FTS22 is used together with the FTS2 Keyboard arm  
and FTS21 Clinical Keyboard.

## FTS23 M8 screw

FTS23 M8 Screw set is used to Attach the FTS4 printer box and all the FT Touch Screen Computers.

M8 Screw set is made in high quality AISI 316 stainless steel.

Part no.  
15252

## Industrial Touch Screen Computers

The different sizes from our FT Computer series below can all be fitted to the floor stand. This gives you the opportunity to place your FT Touch Screen Computer on the floor, where ever you need it in your production facilities.

**14524**  
**FT150**  
**15"**

**14503**  
**FT171**  
**17"**

**14744**  
**FT240**  
**24"**

**15044**  
**FT240-M**  
**24"**

# TECHON7

TECHON7 has a wide product program of Industrial Touch Screen Computers for food production and other industries. Our program of ruggedized industrial computer solutions can be used in various harsh environments from water to chemicals and dust. Our solid solutions meet several specific requirements and the modular concept ensures reliability, repairability, and performance.
